

SURE[®] Cleaner Disinfectant

Concentrated cleaner disinfectant in SmartDose[™]

Description

SURE Cleaner Disinfectant is part of a unique range of plant based, 100% biodegradable professional cleaning products for all daily cleaning needs.

SURE Cleaner Disinfectant is a concentrated detergent disinfectant for cleaning and disinfection of all surfaces in food premises.

Key properties

- Suitable for cleaning and disinfecting of various water resistant surfaces in food premises
- Suitable for regular use
- Effective in all water conditions
- No fragrance nor dye, natural odour present due to plant based ingredients
- Contains plant based ingredients from renewable sources
- 100% biodegradable and decomposed by natural processes
- No environmental hazard classifications, no safety warnings for product in use for user

Benefits

- Very effective against a wide range of micro-organisms, helps to improve hygiene security
- Bactericidal and yeasticidal activities
- Convenient and controlled dosing into a spray bottle or bucket through the SmartDose dosing system from Diversey Care
- Reduced environmental impact

Use instructions

SURE Cleaner Disinfectant is supplied in SmartDose dosing system for convenient and controlled dosing of the product into a spray bottle or bucket.

Spray cleaning:

1. Fill the 750 ml spray bottle with water.
2. Turn yellow head to trigger bottle position: pull head up, then push down fully to dispense chemical. Shake bottle gently before use.
3. Remove debris before applying product.
4. Spray surface with solution and wipe.
5. Re-spray and leave for minimum of 5 minutes.
6. Wipe the surface.
7. Rinse thoroughly with clean water and allow to air dry.

A made up spray bottle of product will be active for up to seven days. Rinse and dry bottle before refilling. Please refer to your Food Safety Plan or HACCP assessment to identify areas where 'clean as you go' is sufficient or where there is a requirement to disinfect.

Bucket cleaning:

1. Start filling bucket with water.
2. Turn yellow head to bucket position: pull head up, then push down fully whilst filling bucket up to 7 L.
3. Remove debris before applying product.
4. Apply solution and clean with cloth or brush.
5. Leave for at least 5 minutes, then wipe surface.
6. Rinse thoroughly with clean water and allow to air dry.
